- Marks screen customization
- Accurate grade monitoring and reporting
- Ability to attach state standards to assignments
- Student progress tracking
- Automatic grade calculation
- Student behavior tracking
- Built-in school-to-home communication
- Assignment creation and implementation using VirtualClassroom

School Benefits

Everyday administrative responsibilities are made simple and quick, allowing you to focus on what's really important—not your paperwork.

- Seamless workflows, allowing all stakeholders to have on-demand student data
- Customizable grading scales
- Reports on instruction, content mastery, and attendance
- Traditional and standards-based report cards
- Each job role has their own view that contains only the features they need
